Your Instructor

Donna Roskamp
OSCI. Level II
HD Specialist

Donna has always had a dream. She dreamed of being able to paint. Like most, she didn't think she had the talent. After years of dreaming Donna took control of her future and made a change. In March 2004 Donna set a goal to learn to paint. She began by taking classes for Donna Dewberry's One-Stroke Painting at the Michael's store in Brighton, Michigan. After only three classes she was selling her work and was soon painting walls for other people. In December 2004 she was the new One-Stroke Instructor at the same store she began her painting career in. In March 2005 Donna became a One-Stroke Certified Instructor. In August of 2005 Donna won two awards as an In-Home Art teacher and two more awards as a certified instructor. Donna is also the number one Michael's Instructor in her district. In 2006 Donna became the #1 In Home Art Instructor in the Nation winning awards and her photo in the new catalog. In July 2006 Donna won awards for most students taught in non-retail locations and the prestigious award of Most Students Taught with 2,335 students in twelve months! In February 2007, Donna became one of the first instructor's to complete the Level II Certification. She will soon be an Elite Instructor. After becoming an Elite Instructor Donna plans on becoming a Certifying Elite and helping others make their dreams come true!
